To whom it may concern:

It is my pleasure to recommend Bauer Design Build. We partnered with the Bauer Design Build team to create a beautiful 9,000 sq. ft. early childhood space, next to one of our elementary schools, in Montrose MN. The project was completed on time and with nothing but praise from the end users.

When I think about describing Bauer Design Build, I start and end with the people. Everyone on the team that worked on our project was easy to work with, honest and answered all questions we had for them. The open communication and speed in which they returned phone calls are what made my job much easier. Mike Bauer, President of Bauer Design Build is hard working and always looking to build relationships as well as a building. Josh Gallus, Project Manager for our construction job, is as good as they come. Josh truly has the best interest of the client in mind and it shows in everything he does.

I would not hesitate to work with Bauer Design Build again in the future. Feel free to contact me should you have any questions.

Sincerely,

Eric Hamilton

Director of Buildings and Grounds
