Re: Bauer Design Build LLC  
2376 Copeland Road  
Maple Plain, MN 55359

To whom it may concern:

Pope Associates has known & worked with Mr. Michael Bauer for several years. We have worked with him as project manager and later vice president of his former firm on several successful projects.

Since endeavoring on his own as Bauer Design Build LLC, we have only been able to have worked on one project with Mr. Bauer and his staff.

During these projects we have found him to be attentive to the needs of his clients and believe he has a high level of commitment handling the varied details of each project.

We believe that Bauer Design Build is committed to providing quality projects and providing exceptionally high client satisfaction.

Very truly yours,  
POPE ASSOCIATES INC.

John Lee Bejblik  
Senior Project Manager
